History: Analyse the causes and consequences of a significant historical event (91438)

Evidence Statement

Achievement	Merit	Excellence
<p>TWO of the causes that contributed to a significant historical event are explained, and an understanding of a long-term and short-term relationship which links to the cause of the event is demonstrated.</p> <p><i>AND</i></p> <p>TWO of the consequences of a significant historical event are accurately explained, and an understanding of a long-term and short-term consequence of the event is demonstrated.</p>	<p>At least TWO of the causes that contributed to a significant historical event are evaluated.</p> <p>Evaluation should involve weighing up the importance of each of the causes, and establishing an argument for the primacy of one over the other(s).</p> <p><i>AND</i></p> <p>At least TWO of the consequences of a significant historical event are evaluated.</p> <p>Evaluation should involve weighing up the importance of each of the consequences, and establishing an argument for the primacy of one over the other.</p>	<p>At least TWO of the causes that contributed to a significant historical event are evaluated.</p> <p>Evaluation should involve weighing up the importance of each of the causes, and establishing a persuasive argument supported by evidence that reflects the complexity of each of the causes.</p> <p><i>AND</i></p> <p>At least TWO of the consequences that are the result of a significant historical event are evaluated.</p> <p>Evaluation should involve weighing up the importance of each of the consequences, and establishing a persuasive argument supported by evidence that reflects the complexity of each of the consequences.</p>
